

Your Name & Contact Info Within Easy Reach Of Your Prospects!

A practical promotional item which reminds prospects of your company's products!

Unlike a pen, our French Catheter Scale is more likely to stay within easy reach of those who use your products.

Putting your company's logo on them is a great way to keep your name out in front of your sales prospects.

Companies who hand out our pocket references consistently rank among the most highly attended booths at trade shows. (call for references)

Our **French Catheter Scale** measures approximately 3" x 6-1/4" and is milled from durable, 20-mil white vinyl plastic. It has 25 precision die-cut holes used to measure catheter sizes.

A **Stubs Needle Gauge** is also featured on the back. Inch and centimeter scales also run along the sides.
